FALLBROOK, Calif. – (June 6, 2008) – A monthly space reserved for the top design projects in the nation, the cover of the May 2008 issue of *Kitchen & Bath Business Magazine* features a bath remodel by the award-winning design team at DreamMaker Bath & Kitchen™ of Fallbrook and Murrieta, Calif.

In a cover story entitled “White Canvas,” [www.kbbonline.com] this high-end bath remodel features a sophisticated design for well-traveled art collectors looking to showcase a myriad of changing pieces over time.

“Like all of our projects, this was another unique design approach tailored to a very sophisticated customer,” said Jennifer Jones, president of DreamMaker Bath & Kitchen of Fallbrook and Murrieta. “The design literally evolves to meet the changing art pieces the room will showcase over time. And the choice of fixtures and products serve as a wonderful balance in bringing drama to the space while allowing the art to take center stage.”

The magazine gave high marks to the project, saying: *The culmination of Jones’ design is a sleek, minimalist space that’s at once dramatic and understated. The individual elements blend together seamlessly so that the artwork is the true center of attention.*

“We’re extremely proud to have made the cover of the top trade magazine in our industry,” Jones said. “And everyone on our growing team at DreamMaker shares in the credit.”
